

Ed Sheeran - Miss You

Tom: Bb

(com acordes na forma de G)

Capostrate na 3ª casa

(G) Bm C

Shock, horror, I'm down, lost, you're not around

Theres a lump in my chest that,

sends cold through my head and,

my mind shuts sound out, I'm on auto-pilot,

and my tongues gone silent, just switch it off and

lay it down, lay it down, next to me

(C) D Em
I dont know when I lost my mind,

maybe when I made you mine,

I dont know when I lost my mind,

maybe it was everytime, you said, you said, you said

that I miss you, that I miss you

(G)
These words mean nothing to me,

I'm just sitting on a fence of how it used to be,

these three words, are aching, constrict and suffocating,

my mind is racing with the picture I'm painting, and my bellys

sick to its stomach, when I remember all the times

he was with you when you laid it,

down, when you lay down next to me

(C) D Em
I dont know when I lost my mind,

maybe when I made you mine, woah,

(C) D Em
I dont know when I lost my mind,

maybe it was everytime, you said, you said, you said,

that I miss you, more than I let on, I kissed you

for far too long, I'll let go as soon as you do,

see I know we're not through

(C) D Em
I dont know when I lost my mind,

maybe when I made you mine, woah,

(C) D Em
I dont know when I lost my mind

maybe it was everytime, you say, you say, you say,

that I miss you, that I miss you, woah

(C) D Em
I dont know when I lost my mind,

maybe it was everytime, you said, you said, you said,

that I miss you
