Intro: **D** **G** **A**
[Primeira Parte]

D I'm a half-read story, I was fine on the shelf
G Why did you take me down as if I needed your help?
D No prior warnin', no one to catch when I fell
G Now that you're not around, I'm not doin' so well
[Pré-Refrão]
Em Do I look like a monster underneath all my skin?
D I wanna cut all this open till I'm feelin' somethin'
Em Now I'm chasin' the cracks, so I can let the light in
D I'm in love with the ghost of you

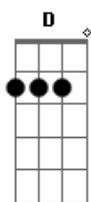

[Refrão]
D Better luck next year, there's nothin' left here
G But am I constantly searchin', feelin' unsettled?
G Livin' in Hell pretendin' it's Heaven
D Head spin, mayb? I'm destined to be
G Always lon?ly, alone, a loser, pathetic
G Maybe tomorrow all will be better

D But I'm stuck on the page
D But I'm stuck on the page
G But I'm stuck on the page
