

Ed Sheeran - Plastic Bag

tom: A

[Primeira Parte]

G I overthink and have troubles sleepin' Em
 All purpose gone and don't have a reason C
 And there's no doctor to stop this bleedin' D
 So I left home and jumped in the deep end G
 Took a job for dad, I think, just to please him Em
 So when I quit, I just kept it secret C
 And I have friends, but no longer see them D
 And it's just me and, now, all my demons G

[Pré-Refrão]

G Air heavy weighin' on my heart Em
 I guess I'm done already, all but given up C
 I'm burning days till the weekends D
 And start, I just pretend I'm not where I am

Should I cancel my plans?

[Refrão]

Em Saturday night, it's givin' me a reason to r?ly on the strobe lights G
 The lifeline of a promise and a shot glass and I'll take that D
 If you're givin' out love from a plastic bag C
Em Saturday night, it's givin' me a reason to r?ly on the strobe lights G
 The lifeline of a promise and a shot glass and I'll take that D
 If you're givin' out love from a plastic bag C

[Segunda Parte]

G My friend died, it's been years, still grievin' Em
 And I thought time would be somehow healin' C
 When love finds me, I'm too numb to feel it D
 Oh, why the fuck am I still here breathin'? G
 Well, I would pray, but I don't believe it Em
 Oh, woe is me, but I don't care either C
 Life is not the way that it seems, but D

Acordes

Maybe this will all be a dream

[Pré-Refrão]

G And I'll stay steady, balanced on the rope
 I guess that I'm not ready to rely on the hope Em
 I'm burning days till the weekends C
 And start, I just pretend I'm not where I am D
 Should I cancel my plans?

[Refrão]

Em Saturday night, it's givin' me a reason to r?ly on the strobe lights G
 The lifeline of a promise and a shot glass and I'll take that D
 If you're givin' out love from a plastic bag C
Em Saturday night, it's givin' me a reason to r?ly on the strobe lights G
 The lifeline of a promise and a shot glass and I'll take that D

Am I'm a wreck and I G D Am
 Take me to the other side
 Don't look in my eyes, oh, woah G D

[Terceira Parte]

G It's almost mornin' and I'm still not leavin' Em
