

Bm I'm in love with the shape of you
Em
A We push and pull like a magnet too
Bm Although my heart is falling too
A I'm in love with your body
Bm And last night you were in my room
A And now my bedsheets smell like you
Bm Every day discovering something brand new
A Well I'm in love with your body

Bm Come on, be my baby, come on
Em
A Come on, be my baby, come on
Bm Come on, be my baby, come on
Em
A Come on, be my baby, come on
Bm Come on, be my baby, come on
Em
A Come on, be my baby, come on
Bm Every day discovering something brand new
Em
A I'm in love with the shape of you
