

Ed Sheeran - Spring

tom:

Intro: **D** **G** **A**

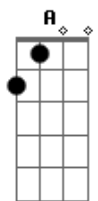

[Primeira Parte]

D
Where is my mind? I've lost the nerve
This year flew by without a word
I had a plan to cross the world
But haven't left this island
D
The stores closed down and opened up
I said I'd do a sober month
I failed, but tried and wrote this drunk
In overwhelming silence
[Refrão]

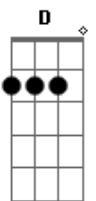

Bm **A**
And I'll see my friends when all this ends
G **A** **D**
But now until then, I'm holdin' out for spring
G **A** **D**
We can't let winter win, that's why I'm holdin' out for spring
A
Oh, what a state we're in, I'll keep holdin' out for spring
[Segunda Parte]
D
Homework and cancelled holidays
The blame gets passed to save a face

The smell of last night's takeaway
Just tells me I'm a mess
D
Still watchin' shows they recommend
That don't get good until the end
And I could be unwell, but then again
Maybe I'm just depressed
[Refrão]
Bm **A**
And I'll fix my head when all this ends
G **A** **D**
But now until then, I'm holdin' out for spring
G **A** **D**
We can't let winter win, that's why I'm holdin' out for spring
G **A** **D**
Oh, what a state we're in, I'll keep holdin' out for spring
[Ponte]
E
Time, blue skies
D **E**
Crossed face, slowly
Db **B** **D**
Cross my mind to linger
E **D**
And hope out for spring
G **A** **D**
We can't let winter win, that's why I'm holdin' out for spring
A **G** **A**
Oh, what a state we're in
[Final] **D** **G** **A** **D**
