

Ed Sheeran - Sunburn

Tom: G

^G
You're not her

^C ^D
Though I try to see you differently

^G
I toe the line

^C ^D
See I'm searching for what used to be, mine ooohhhh

^G
I Saw your eyes

^C ^D
Then I saw her staring back at me

^G
And I will try

^G ^C
To find another one who's suited to me

^D
As well as her

^C ^D ^{Em}
I've moved, far away from you

^G
And I want to

^C ^D ^{Em}
See you here beside me dear

^G
but things aren't clear

^C ^D
And we never even tried

^{Em}
We never even talked

^G
We never even thought in the long run

^C ^D
Whenever it was painful

^{Em}
Whenever I was away

^G
I'd miss you

^C
I miss you

^G
She was mine

^C ^D
I was hers

^G ^C ^D
And all that's in between

^G
if she would cry

^C ^D
I would shelter her

And keep her from the darkness that will be

^C ^D ^{Em}
If I moved, far away from you

^G
And I want to

^C ^D ^{Em}
See you here beside me dear

^G
but things aren't clear

^C ^D
And we never even tried

^{Em}
We never even talked

^G
We never even thought in the long run

^C ^D
Whenever it was painful

^{Em}
Whenever I was away

^G
I'd miss you

^C ^D
I miss you

^G
Don't trap me in, it's not my time

^C
If you cut me deep then I might lie

And if you

^{Em} ^D ^G ^C
Scar and leave me, like a sunburn

^G
Don't trap me in, it's not my time

^C
if you cut deep then I might lie

^{Em}
And you

^D ^C
Scarred and left me, like a sunburn

^C ^D
And we never even tried

^{Em}
We never even talked

^G
We never even thought in the long run

^C ^D
Whenever it was painful

^{Em}
Whenever I was away

^G
I'd miss you

^C
I miss you
