         Am                                        G
That's a pretty big trunk on my Lincoln town car, ain't it?
Em                                                 F
Big enough to take these broken hearts and put 'em in it
Am                                              G
Now I'm driving 'round on the boulevard trunk bleeding

And every time the cops pull me over

Imma try to swim from something bigger than me
               Am                 G
