

Ed Sheeran - The Vow

tom:
C

When we met, we were scared, we were lost, we were young
C G Am

On the edge, on the brink, on the run
Gm F

But the moment my eyes met your gaze
C G

It's like a door opened up on that day
C

Then we talked, then we danced, then we touched
G Am

Then we laughed, then we kissed, then we stopped
Gm F

'Cause I knew if I kissed you again
C G

We would start something that never ends
G F

I promised you all of my days
Am F G

I'll swear it again and again
F G

Words are just words
C G Am

But I need you to know
Am Gm F

That beyond to have and hold
C F G

That my vow to you is to love you and never let go
C

We've been through hurt
C G Am

But I've thanked the broken road
Gm F

That let me into your arms
C F G

And my vow to you is to love you and never let go
C

Now we're here (Now we're here)
C G Am

Now we've lived, now we've cried, now we've seen (Now we've seen)
Gm F

All the lows, all the highs in between (In between)
C G

I was there on your darkest of nights
C

And you were there for mine right by my side
G Am

We made breath, we made blood, we made lives

We lost friends and faith, we lost sight
Gm F

And when all of these moments have come
C G F

We have walked through the fire as one
F G

We're stronger from joy and from pain
Am F G

Our love is the thing that remains
F G

Words are just words
C G Am

But I need you to know
C Gm F

That beyond to have and hold
C F G

That my vow to you is to love you and never let go
C F G

We've been through hurts
C G Am

But I think they're broken bones
Gm F

That lead me into your arms
C F G

And my vow to you is to love you and never let go
C F G

Hey, it doesn't matter
Dm Am

We make a mess of it, we'll get through anything, yeah
C G Dm

Now we're forever
Am G

I want the rest of it, I want the rest of it
G

Words are just words
C

But I need you to know
Am Gm F

That beyond to have and hold
C G

That my vow to you is to love you and never let go
C

We've been through hurt
G Am

But I think the broken rope (Broken rope)

And my vow to you is to love you and never let go
