So hold on if you want

I don't wanna play this, no

I don't have the patience

And last year was a long one

And these days are reruns

E Abm
A fine time for a breakdown

Find words to tear these walls down

And I threw them all away

If I start then I probably won't stop

Abm B E
'Cause the world moves on and the lights stay on

Abm B
For the next one, and next one, it's an ocean

Dbm
No, I don't wanna waste forever

Abm B E
But I can if I want to

There's so much that can change my mind

Gb B Dbm
So much of me has changed, how could I ever feel the same?

[Refrão]

E Gb
So dive in, to my home

Abm Gb
It's all I have, woah

E Gb
So drive me, 'till the shore

Abm
Spoken like a real life savior

NASCAR, we're ju

[Ponte] E Abm

So drive me, 'till the shore

Abm
Spoken like a real life savior

NASCAR, we're just racing in circles again

[Ponte] E Abm

Bleed out, it's a cold night

B Abm
City views killed the starlight

Sleeping at the wheel for the first time

It's terrifying when you wake up

E
A few years later it's a new time

B Abm
Hard to see how it stands from the inside

Gb B Dbm
Inside, it's tried if it's tiring

You then, leave

[Refrão]

E Gb
So dive in, to my home

Abm Gb
It's all I have, woah

E Gb
So drive me, 'till the shore

Abm
Spoken like a real life savior

NASCAR, we're ju
