

# Eden - Gravity

Tom: D

**Bm**  
I wanted you to be the last thing on my mind **A**

**G**  
I wanted you to be the reason I close my eyes, **Em** But I can't sleep **D**

**Bm**  
And oh god I wanted to be your high **A**

**G**  
But everything I said it went unheard

**Em**  
And everything you saw with eyes straight blurred **Gbm**

**Em**  
Became our downfall **Gbm**

**G**  
Cos you say I drink and I smoke and I talk too much

**Bm**  
**A**  
But I know you lied when you said that you just gotta go and save yourself **Gbm**  
So hear me out

**G**  
You know everybody talks girl, And it means nothing till you let it

**Bm**  
**A**  
But if you keep second guessing then there's only gonna be one end

**Em**  
But you can leave if you really want to **Gbm** **G**

**Bm**  
And you can run if you feel you have to **A**

**Em**  
And I'll be fine if you ever ask me **Gbm** **G**

**Bm**  
I know its hard, but no one said its easy, falling's easy **A**

But there's only one way up

**Bm**  
So I been thinking that I think too much **A**

**G**  
And I can't sleep but I can dream of us

**Em**  
And I've been seeing shit like horror cuts **Em**

**D**

Its burning down, I gotta drown this out

**Bm**  
And you said you need me to let this go **A**

**G**  
Buts its who I am or am I just losing it **Em** **Gbm**

Cos you said jump and I went first but falling's always been my

**Em**  
downfall **A**

**G**  
And you say I drink and I smoke and I talk too much **Bm**

**A**  
But I know you lied when you said that you just had enough and save yourself

**Gbm**  
So hear me out

**G**  
You know everybody talks girl, and it means nothing till you let it

**Bm**  
**A**  
And if you keep second guessing then there's only gonna be one end

**Em**  
But you can leave if you really want to **Gbm** **G**

**Bm**  
And you can run if you feel you have to **A**

**G**  
And I can drink if I feel I have to **Em** **Gbm** **G**

**Bm**  
I know its hard, but I can't feel like I used to, like I used to, cos I used to **A**

**Em**  
defy gravity, Defy gravity

**Bm**  
Goodbyes keep dragging me

**A**  
Down

**Em**  
And I'm fighting gravity, Defying gravity

**Bm**  
I tried but I keep falling

**A**  
Cos falling's easy

But it only brings you down
