		[Ponte]	
G	tom:	Oh, oh	Talk it out
[Primeira Parte]			
A heavy inhale for nights you stole	oh oh	Cut me off	
		Chalk it down	
Fucked up, the balance in my head but it's all good		To my head, ba-balacning my head	
I'll see you again another (dream)		Slow it down	
oh oh		Rise and fall	
[Refrão]		Chalk it down	
But I miss the way the sun streamed through my window		To my head down, down	
And I miss the way you almost held the tide			
But still it's nice, dreaming that you're somewhere	[Refrão 2]	And I miss the way the sun streamed through my window	
Feeling the same heat that I did		And I miss the way you almost held the tide (down, down, down)	
	But still it's nice	dreaming of you somewhere	
Walk the line		Feeling the same heat that I did	
[Segunda Parte]		No fear no fall (I know, I know, I know)	
I said I'd walk you home but we still went out own way		If invisible lines lead your way back to me	
The tears lost in rain on your cheekbones in silence		Still I got nothing, woah	
And I pulled my head out the darkness in your house	[Final]		
Can't stay 'til the morning, refracted my way out	les	Comme	
From nightmares in my car, as I lay beside you	Nuits quand je ne savais pas enore		
And fucked up my timeline and twisted your end with	adieux	Comme les nuits qui m'ont appris à aimer les	
So much still to go, as the sun sets behind you			
I can't let it go, you can't hold me, I can't always oh	Mais cela d'importance car les nuits	n'a pas
