What's up what have you been thinking cos you been staring at
that roof so long

I'd swear its come alive and she spoke

D

to want to

D **E**

Gbm **E** **Eb** **D**
E

back no

Eb **D**
I'm laying down my cards
cos you said you meant it

D
nothing and I should've kept my silence but I guess

Gbm **E**
I'm too attached to my own pride to let you know

D
that all these words meant nothing and I've always been this
heartless

Gbm
and we were just having sex

E

Db **D**
oh no I think I'm catching feelings

Gbm **E**
and I don't know if this is empathy I feel just

Db **D** **E** **Gbm** **A** **B**
hold on remember why you said this was the last time

Db **D** **E** **Gbm**

woah

so I guess it's woah

let die to let it live

A
and what's good when both choices I've got
have us staring down the barrel to the bullets I can't stop

feeling stops and I'm done but you

Gbm
No I don't know how to forget you (x4)

Gbm **E**

Eb **D**

Gbm **E** **Eb** **D**
back no a bulletproof restart
Db **D**
oh no I think I'm catching feelings and

Gbm **E**
I don't know if this is empathy I feel just

Db **D** **E** **Gbm** **A** **B**
