

# Eden - Wake Up

Tom: C

'Cause we've been driving so long  
I can't remember how we got here  
Or how we survived so long  
I'm trying to run from our pride  
Till you set fire to my atmosphere  
And I remember how I spent the 23rd  
Feeling six feet under when I'm 30,000ft in the air  
Chasing that sun down  
So far east I'm west bound  
Feeling like the edge of this world is near  
But you'll feel better when you wake up  
Swear to God I'll make up  
Everything and more when I get back someday  
This is more than just a phase, love  
Shooting stars all break up  
And even though it seems like half the world away  
Things will be better in America  
Heard the streets are gold there  
Maybe I can fly you out this place someday  
Chasing dreams like I'm on Novocain  
Screaming through your airwaves  
Looking back I almost thought I heard you say  
Stay you're not gonna leave me  
This place is right where you need to be  
And why your words gotta mean so much to them  
And they mean nothing to me  
So stay you're not what you're hearing  
'Cause I've been watching you changing  
And who said you're one in a million anyway?  
'Cause you see only what you want to  
Your tunnel vision haunts you  
And you can't see what's wrong  
When you keep sleeping through the PM  
Eyes wide open when you're dreaming  
You're sleepwalking

Just keep talking  
Maybe you can talk your way out of this deep end  
No B plan in your system  
Just tell me what you're thinking  
I'm scared that you might fall  
But you're not  
But you're not  
And you'll feel better when you wake up  
Taking off your makeup  
Sun always seems to wash our fears away  
And it's always shining somewhere  
I just gotta get there  
And even though it seems like half the world away  
Things are better in America  
Heard the streets are gold there  
Maybe I can fly you out this place some day  
Chasing dreams like I'm on Novocain  
Screaming through your airwaves  
Looking back I almost thought I heard you say  
Stay you're not gonna leave me  
This place is right where you need to be  
And why your words gotta mean so much to them  
When they mean nothing to me  
So stay you're not what you're hearing  
'Cause I've been watching you changing  
And who said you're one in a million?  
You're so much better than that  
(Dm F C G )  
Stay you're not what you're hearing  
'Cause I've been watching you changing  
And who said you're one in a million  
Anyway?
