

Eduardo Dusek - Encontro Das Águas

Tom: G
Intro: D Dm Gm

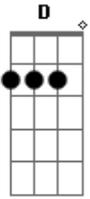

E dá a chave que abre esse portão, teu coração
 Vem...a lua cheia nos chama pra rua
 A minha vida, parou no tempo
 Pra te esperar minha amada princesa
 Desata a trave que move este tirano, no coração
 Vem, já te esqueceste das tuas promessas
 Juras eternas, apaixonadas
 Calor de sol no frio da madrugada
 Jasmins, luar, vou...à noite eu venho
 E corre pros teus braços
 Iluminaaaado o barco do querer...viver...você

Todas as águas se encontram em você
