

# Eliane Elias - Another Day (That Time Forgot)

Tom: E

Intro: E A E A E A E A

Another sunny afternoon denies the worried look that's on my face

Connected through the years that somehow took us both in separate ways

Was on a day that time forgot another day that time forgot. Oh no Oh no

Should've held you till the storm went by but we had nothing left to hang on to

Too many words you said but not the words connecting me to you

Just another day that time forgot another day that time forgot. Oh no Oh no

The two of us we both just let it fly I Didn't see it leave; didn't even try.

I only knew that we were moving on Suddenly it's gone; never knowing why. Oh no Oh no

Don't have a reason I can give at least not one that I can understand just somehow disappeared

It slipped beneath the fingers of my hand was on a day that time forgot

Another day that time forgot, Oh no Oh no

We had it once, but we just let it fall should've held it close; could've had it all.

I'm thinking about the life we could have made

Lost the one we had somewhere along the way Oh no Oh no

Followed me at night into my bed it was a day that time forgot

Another day that time forgot

Oh no oh no oh no oh no oh no oh no
