

Ella Langley - Cowboy Friends

tom:
Intro: A D A

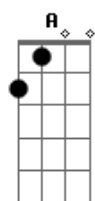

[Verse 1]
A D
A
Hate to break to break your buckle, baby, you ain't the only
John Wayne here
In the spur of the moment, some other boots could buy me a beer
If you're threatening to leave just to see if I care
I'd tell you where to go, but I think you know where

[Chorus]
D A
So saddle up and ride away
It ain't like it was love anyways
Gbm E A D
I won't have no trouble rounding up the next one when this
ends
I've got me more than a few cowboy friends

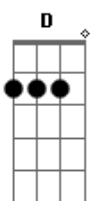

[Verse 2]
A D A
You think you're such a big shot with that big t?n-gallon hat
Overcompensating, you know what they say about that
A D Dm
You need all that g?tup to get a girl to call you baby
A E
All I need is what the good Lord gave me

[Chorus]
D A
So saddle up and ride away
