

# Ellie Goulding - My Blood

Tom: C

Am G  
That feeling that doesn't go away just did  
Am G  
And I walked a thousand miles to prove it  
Am G  
And I'm caught in the crossfire of my own thoughts  
Am G  
The colour of my blood is all I see on the rocks  
Am  
As you sail from me  
  
F G Am G  
Alarms will ring for eternity  
F G Am G  
The waves will break every chain on me  
F G  
My bones will bleach  
Am G  
My flesh will flee  
F G Am G  
So help my lifeless frame to breathe  
  
F C G  
And God knows I'm not dying but I breathe now  
F C G  
And God knows it's the only way to heal now  
F C G

With all the blood I lost with you  
F C G  
It drowns the love I thought I knew

The lost dreams I buried in my sleep for him  
And this was the ecstasy of love forgotten  
And I'm thrown in the gunfire of empty bullets  
And my blood is all I see  
As you steal my soul from me

F G Am G  
Alarms will ring for eternity  
F G Am  
The waves will break every chain on me

And God knows I'm not dying but I breathe now  
And God knows it's the only way to heal now  
With all the blood I lost with you  
It drowns the love I thought I knew

And God knows I'm not dying but I breathe now  
And God knows it's the only way to heal now  
With all the blood I lost with you  
It drowns the love I thought I knew

And God knows I'm not dying but I breathe now  
And God knows it's the only way to heal now  
With all the blood I lost with you  
It drowns the love I thought I knew
