Elliott Smith - Bottle Up And Explode
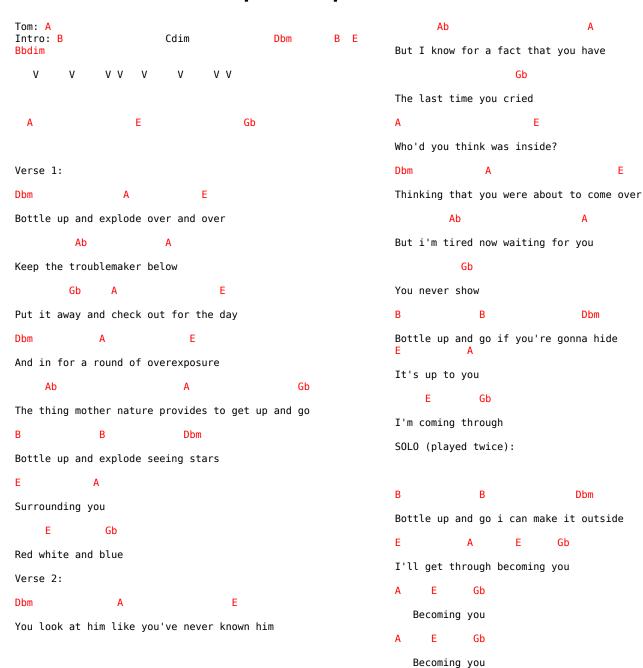

```
Tom: A
Intro: B              Cdim           Dbm        B  E
Bbdim

    V      V     V V   V     V     V V
```

```
     A              E              Gb
```

Verse 1:

```
Dbm            A           E
```
Bottle up and explode over and over

```
          Ab          A
```
Keep the troublemaker below

```
        Gb     A            E
```
Put it away and check out for the day

```
Dbm         A          E
```
And in for a round of overexposure

```
      Ab                A            Gb
```
The thing mother nature provides to get up and go

```
B           B          Dbm
```
Bottle up and explode seeing stars

```
E          A
```
Surrounding you

```
     E         Gb
```
Red white and blue

Verse 2:

```
Dbm              A              E
```
You look at him like you've never known him

```
         Ab                    A
```
But I know for a fact that you have

```
                        Gb
```
The last time you cried

```
A                   E
```
Who'd you think was inside?

```
Dbm          A                E
```
Thinking that you were about to come over

```
           Ab               A
```
But i'm tired now waiting for you

```
            Gb
```
You never show

```
B          B          Dbm
```
Bottle up and go if you're gonna hide
```
E        A
```
It's up to you

```
      E        Gb
```
I'm coming through

SOLO (played twice):

```
B          B             Dbm
```
Bottle up and go i can make it outside

```
E          A      E      Gb
```
I'll get through becoming you

```
A    E    Gb
```
   Becoming you

```
A    E    Gb
```
   Becoming you
