

Elliott Smith - Cant Make A Sound

tom:
I have become a silent movie
The hero killed the clown

Can't make a sound
Can't make a sound
Can't make a sound

Nobody knows what he's doing
Still hanging around

Can't make a sound
Can't make a sound
Can't make a sound
Can't make a sound

The slow motion moves me
The monologue means nothing to me

(C A7 Am D7 Am B7)

Bored in the role, but he can't stop

Standing up to sit back down
Or lose the one thing found
Spinning the world like a toy top
'Til there's a ghost in every town

Can't make a sound
Can't make a sound
Can't make a sound
Can't make a sound

Eyes locked and shining
Can't you tell me what's happening?

(C G A E Am B7)

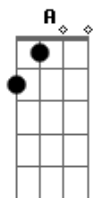

Why should you want any other when you're a world within a world?

Why should you want any other when you're a world within a world?

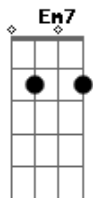

Why should you want any other when you're a world within a world?

Why should you want any other when you're a world within a world?
