Subject: s/smith_elliott/
From: "Jin-Woo Park"

"No Name#3"
song (**C**) 1994 Cavity Search Records
from the album Roman Candle

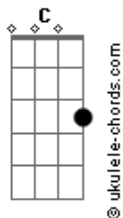

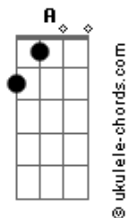

guitar transcription by Jin-Woo Park

Tuning is normal

Note: When playing some of the chords, mute out the strings with your index finger(second finger). The strumming is basically easy when you get the hang of the song.
Intro: Strum (means muted)

(It's basically the same thing over and over until finally you get to this)

Acordes

Lyrics

We arrived too late
our mouths were opening
I turned off the light
So come on night

you're a witness you
you've seen me interrupt
a good old fashioned fight
so come on night

everyone is gone
home to oblivion
home to oblivion
home to oblivion

watched the dying day
blushing in the sky
everyone is uptight
so come on night

everyone is gone
home to oblivion
home to oblivion
home to oblivion

I know we're not
illegitimate
in out hearing
so come on
so come on night
