

## **Elliott Smith - Tomorrow Tomorrow**

Tabbed by: underrated

Email:

Tuning: Drop D (D A D G B E )

This entire song is picked very quickly, and he accents alternate notes, making  $% \left( 1\right) =\left( 1\right) \left( 1\right) \left$ 

it sound half as fast as it is. Plus he has a lot of hammer-

ons in between

the alternate note picking. This one isn't easy, folks.

Intro:

No one wants to see...

I heard the hammer on the wall...

The noise is coming out...

They took your life apart...

'Til tomorrow...

Bridge cont'd

I've got static in my head...

Tried to go to where it led...
