

Elliott Smith - Waltz 2 X0

```
Tom: D
                                                               I'm tired
  Waltz #2 (X0)
                                                               Verse 3:
Tune down one step
Chords used:
                                                               Looking out on the substitute scene
                                                                     D7 G
        x02210
                                                               Still going strong
Am:
        x32010
C:
                                                               Dm
                                                                     Am
                                                               XO mom
        xx3211
D7:

                                                                      Dm
                                                               In the place where i make no mistakes
B:
     x24400
Intro: Am (4 bars)
                                                                                 E7
                                                               In the place where i have what it takes
Play this two times:
                                                               Repeat chorus 3 times and play chorus chords once, ending on C
        C F C F
                             C G
                                                               Transcribed by chadwick and scott
When you get to the last C the second time through, this is
                                                               Waltz #2 (X0)
played:
                                                               First of all let it be said that this tab is probably more
                                                               representative
                                                               of some of Elliott's live versions than the album
Verse 1:
                                                               version...said!
                                                               Also a big thanks to Scott and Chadwick for getting me
                                                               started.
First the mic then a half cigarette
      D7 G
                                                               Alternate tuning: tune b-string to c and down half a step
Singing cathy's clown
                                                               Intro: Am (x02200) (4 bars)
           Dm
That's the man she's married to now
                                                               Play this two times:
                     E7
That's the girl that he takes around town
      Αm
She appears composed so she is i suppose
                                                               then
       D7 G
Who can really tell
    Dm
She shows no emotion at all
                                                               Verse 1: I play the Am and C chords by plucking Am with root a
                                                               then e,
Stares into space like a dead china doll
                                                               C with root C then G...kinda country style!
Chorus:
                F
                         C
                                                     G Am
I'm never gonna know you now, but i'm gonna love you anyhow
                                                               First the mic then a half cigarette
Repeat intro (as it's played the second time through)
                                                                   D7 (2\times0202) G (3\times0023) Fret the root w/thumb on
                                                               these 3
                                                               Singing cathy's clown
Verse 2:
Now she's done and they're calling someone
                                                                         Dm (xx0221)
         D7 G
                                                               That's the man she's married to now
Such a familiar name
                                                               B? (x2x200)
       Dm
I'm so glad that my memory's remote
                                                               That's the girl that he takes around town
Cos i'm doing just fine hour to hour note to note
                                                                     Am
                                                               She appears composed so she is i suppose
Here it is the revenge to the tune
                                                                       D7 G
      D7 G
                                                               Who can really tell
You're no
          good
                                                                   Dm
        Dm
                                                               She shows no emotion at all
You're no good, you're no good, you're no good
                                                               R?
                                                               Stares into space like a dead china doll
Can't you tell that it's well understood
                                                               Chorus: Either play the intro twice or the chords once and
Repeat chorus
                                                               Intro: once...i actually favour playing the intro twice! If
                     F
                                  C
                                        G
                                                               you care! :)
I'm here today and expected to stay on and on and on
                                                                                        C
   Dm
                                                               I'm never gonna know you now, but i'm gonna love you anyhow
I'm tired

                                                                       | E7
Looking out on the substitute scene
F D7 G
                                                             Chorus:
Still going strong
                                                                                                                   | C
                                                                        | C
                                                                                   | F
                                                                                             | C
                                                                                                        | F
Dm Am
                                                              ||: Am
XO mom
                                                                                 | C
                                                                                            | C
                                                                                                       :11
It's okay its alright nothing's wrong
Am C
                                                             Middle 8:
Tell mr. Man with impossible plans
     F D7 G
                                                                        Dm
                                                                                    | Fmaj9
                                                                                                             | C
To just leave me alone
                                                                      | Am
                                                                                  Am
                                                             Dm
                                                                        | Dm
                                                                                    | F7M
                                                                                                 | F7M
                                                                                                             | rest
                                                              F7M
In the place where i make no mistakes
                                                                          \Pi
