

Elmiene - Someday

tom:
 Someday I want to love like the love I had with you
 Someday I want to hold like the way that I held you, no
 My heart's been struggling with changes
 No jokes that deepen my fears
 No words that bring me tears
 No end to face my situation
 I've lost my will to stay
 I've let my soul drag on and on and on
 Same day just living in myself
 Gone on and on and on
 Same pages, never reached that omen
 Someday I want to love like the love I had with you, oh
 Someday I want to hold like the way that I held you, no
 Someday I want to go to places that I'd never been
 Places that I'd never seen
 Someday I want to love like the love I had with you

Yeah, yeah, yeah, yeah, yeah, yeah
 Yeah, oh-oh
 My heart won't beat unless the world does
 No rush and pain to feel, don't wanna make it heal
 My heart won't move unless it's stolen
 I've lost my will to stay
 I've let my soul drag on and on and on
 Same day just living in myself
 Gone on and on and on
 Same pages, never reached that omen
 Someday I want to love like the love I had with you, oh
 Someday I want to hold like the way that I held you, no
 Someday I want to go to places that I'd never been
 Places that I'd never seen
 Someday I want to love like the love I had with you
 Yeah, yeah, yeah, yeah, yeah, yeah
 Yeah, oh-oh, oh
