

Elton John - Candle in The Wind

Tom: E

A| - E - Gbm - E"

E
Goodbye Norma Jean, Though I never knew you at all

E
You had the grace to hold yourself, While those around you crawled

A
They crawled out of the woodwork, And they whispered into your brain

E
They set you on the treadmill, And they made you change your name

Chorus:

B
"And it seems to me you lived your life, Like a candle in the wind

E
Never knowing who to cling to, When the rain set in

A
And I would have liked to have known you, But I was just a kid (Chorus)

B
Your candle burned out long before, your legend ever will

E
Loneliness was tough, The toughest role you ever played,

E
Hollywood created a superstar, And pain was the price you paid

E
Even when you died, Oh the press still hounded you

A
All the papers had to say, Was that Marilyn was found in the nude

(Chorus)

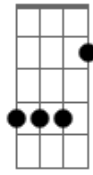

E
Goodbye Norma Jean, From the young man in the 22nd row

A
Who sees you as something as more than sexual, More than just our Marilyn Monroe

B
Your candle burned out long before, Your legend ever did
