

# Elton John - Cold As Christmas In The Middle Of The Year

Tom: **G**  
Intro: **F C D C**

**G** **Em7**  
We still sit at separate tables  
**C** **G**  
And we sleep at different times  
**D** **Em**  
And the warm wind in the palm trees  
**C**  
Hasn't helped to change our minds

**G** **Em7**  
It was the lure of the tropics  
**C** **G**  
That I thought might heal the scars  
**D** **Em**  
Of a love burned out by silence  
**C**  
In a marriage minus heart

**B7**  
And I call the kids on the telephone  
**Em**  
Say there's something wrong out here  
**C** **G**  
It's July but it's cold as Christmas  
**D**

In the middle of the year

**Am**  
The temperature's up to ninety five  
**Am** **Am** **F**  
But there's a winter look in your mother's eyes  
**C** **E**  
And to melt the tears there's a heat wave here  
**F** **C** **G**  
**F**  
So how come it's cold as Christmas in the middle of the year

**G** **Em7**  
I dreamed of love in a better climate  
**C** **G**  
And for what it's really worth  
**D** **Em**  
I put faith in the star we followed  
**C**  
To this Caribbean surf

**G** **Em7**  
But there's an icy fringe on everything  
**C** **G**  
And I cannot find the lines  
**D** **Em**  
Where's the beauty in the beast we made  
**C**  
Why the frost in the summertime

## Acordes
