Elton John - Rock N Roll Madonna

```
Tom: C
Intro: C  Cm

C                           Cm                  F       F7
If anyone should see me making it down the highway
C                     G     Cm
Breaking all the laws of the land
        C           Cm
Well don't you try to stop me
          F       F7
I'm going her way
         C       F        Cm     C
And that's the way I'm sure she had it planned

        C                          F     F7
Well that's my Rock-and-roll Madonna
         C                 G     Cm
She's always been a lady of the road
         C
Well everybody wants her
      F         F7
But no one ever gets her
      C     F          Cm        C
Well the freeway is the only way she knows

         C                     F         F7
Well if she would only slow down for a short time
       C               G     Cm
I'd get to know her just before she leaves
```

```
             C                          F                 F7
But she's got some fascination for that two wheel combination
              C         F     Cm       C
And I swear it's going to be the death of me

(Chorus)
         C
Rock on, Babe!

(INSTRUMENTAL)

(Chorus)
                         C
Let's get a little bit lower,
                         F     F7
Let's get a little bit lower,
C                   G   Cm
Oh!  It's getting all right
C
Sing it, baby!
F                     F7
Yeah, that's pretty good.
C                              F  Cm  C
Now is everybody gonna rock on with me?
One more time!

(Chorus)
C7
```
Acordes
