

Elton John - Whispers

Tom: Eb
Intro: Cm Ab Bb Eb Cm Ab Bb Ab Cm B Db

Eb Cm Db
Look at me twice with wildcat eyes

Promise me everything except a blue night
Shudder like ice in cut crystal glass

Melt in embraces of crazy eyed past
And whisper, whisper, whispering whispers

Eb Cm
Tantamount to a lie with lingering breath
Walking fingers run, hungry scratches left

Dull chimes ringing like an empty voice
A distant smile framed, her lips are soft and moist

With whispers, whispers, whispering whispers

Cm Ab
And whisper in a rhythm your lies

Keep comfort for others
Hurt me with the night

Cm Ab
Whisper like cold winds close to the bone

Save heaven for lovers, leave me alone
With your whispers, whispers, whispering whispers
