

# Elvenking - Lost Hill Of Memories

tom:

Intro: **Dm** **G**  
Strange the breeze, late the season comes **F**  
**C** **Dm** **Gm**  
As beats late the clock of my heart  
**Dm** **Bb**  
Falling leaves color all around  
**F** **C**  
As my intentions stroking the ground

**Dm** **Gm**  
And up they have seen the skies  
**Dm** **Bb** **C**  
Pains and joys of so many lives  
**Dm**  
All griefs your empty glance

**Bb** **F** **A**  
Waters of the ocean tell her I am near  
**Bb** **C** **Dm**  
Winds of far horizons blow off all the fears  
**Bb** **C** **F**  
Fearless I stand, strong of all the emotions I lived through  
**Bb** **C** **Dm**  
As my memories and soul belong to you

**Dm** **F**  
Painted into the setting sun  
**C** **Dm** **Gm**  
A black shadow ringed in red flames  
**Dm** **Bb**  
Handsome as words cannot describe  
**F** **C**  
Ruthless as her blinded black eyes

**Dm** **Gm**  
And up they have seen the skies  
**Dm** **Bb** **C**  
Pains and joys of so many lives  
**Dm**  
All griefs your empty glance

**Bb** **F** **A**  
Waters of the ocean tell her I am near  
**Bb** **C** **Dm**  
Winds of far horizons blow off all the fears  
**Bb** **C** **F**  
Fearless I stand, strong of all the emotions I lived through  
**Bb** **C** **Dm**  
As my memories and soul belong to you

**Dm** **Db** **Dm**  
I don't fear for my fate what really does ache  
**Db**  
Is a false thought of home  
**Dm**  
No one ever will be in control of his end

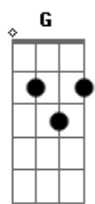

**Db**  
By her tears and her pain  
**Dm** **Db**  
I'm eternally damned memories of a life  
**Dm**  
Nothing can ever be done to avoid my last touch

**Bb** **F** **A**  
Waters of the ocean tell her I am near  
**Bb** **C** **Dm**  
Winds of far horizons blow off all the fears  
**Bb** **C** **F**  
Fearless I stand, strong of all the emotions I lived through  
**Bb** **C** **Dm**  
As my memories and soul belong to you

**Dm** **Bb** **C** **F**  
On that strange and silent night on lost hill of the memories  
**Bb** **C** **Dm**  
I've spoken of love and touched, she smiled to me  
To me, smiled to me

For all the ones who seek their dawn  
My wrath I breed, my wrath I spawn  
Behind a crooked cross they hide  
Forever I shall be their bride
