

Elvis Presley - Fo'l Time Sake

Tom: C

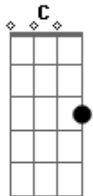

C
Before you go - walk out on me C
C7
Take a look around tell me what you see F
C
Here I stand - like an open book C
C7
Is there something here you might have overlooked Em
G
It would be a shame if you should leave Dm G
C
And find that freedom ain't what you thought it would be

The years we had - were not all bad
In fact I know the good outweighed the bad
Now you say - that you've grown tired
You want to be by yourself a while

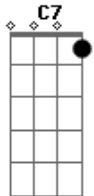

It would be a shame if you should go
And find that freedom was a long time ago F G Em
Am
I know that you can't stand the chains that bind you
Dm G C
They just keep on drivin' us apart
F G Em Am
You could go where I could never find you Em Am Dm
Am G
But could you go far enough to get away from your heart

So one more time, for ol' times sake
Come and lay your head upon my chest
Please don't throw this moment away
We can forget the bad and take the best
If you don't have nothing left to say
Let me hold you one more time for ol' times sake, yeh if you
don't have nothing left..
