

# Elvis Presley - Girl Of Mine

Tom: A

When your asleep beside me, I watch you lying there  
 Your hand upon the pillow and moonlight in your hair  
 I get the warmest feeling, so good I almost cry  
 I kiss your sleeping lips and say I'll love you 'till I die  
 Oh girl of mine you make my day  
 One sunny smile and all the clouds just roll away  
 Eyes deep as the sea seem to say to me  
 Our love will always be  
 So girl of mine turn out the light  
 And in my arms together we'll make sweet love tonight  
 Down life's golden road and you'll always know

I love you ... girl of mine  
 Sometimes I know I hurt you when things ain't goin' right  
 I walk away and leave you to face the lonely night  
 I wouldn't blame you darlin' if you walked out on me  
 But I return to find you there still waiting patiently  
 Oh girl of mine you make my day  
 One sunny smile and all the clouds just roll away  
 Eyes deep as the sea seem to say to me  
 Our love will always be  
 So girl of mine turn out the light  
 And in my arms together we'll make sweet love tonight  
 Down life's golden road and you'll always know  
 I love you ... girl of mine
