Elvis Presley - I Need You So

Tom: F

```
                  F
I need you so
                  Bb Bb7
To keep me happy
           F
If I can't have you
G7             C7
I can not go on
                  F
I need your arms
          Bb    B7
Around me tighly
                  F
Yes I miss them nightly
G7                    C7 F
```

```
When you're not at home
                        Bb
When the day is done
             F
I miss you so
                  G7
I lie and wait
                              C7
To hear you knock the door
                    F
When you leave me
              Bb   Bb7
I try not to worry
                  F
Come back in a hurry
C7                    F
Cause I need you so
```
