

Elvis Presley - Way down

Tom: C

C
Babe, you're getting closer
The lights are goin' dim
The sound of your breathin'
Has made the mood I'm in

F
All of my resistance
Is lying on the floor

C
You're sending me to places
G C
I've never been before

G
Ooh, and I can feel it,
Feel it, feel it, feel it

C
Way down where the music plays

G
Way down like a tidal wave
Way down where the fires blaze

F C F C
Way down, down, way, way on down

Ooh, my head is spinnin'
You got me in your spell,
A hundred magic fingers
On a whirling carousel

F
The medicine within me
No doctor could prescribe

C
Your love is doing something

G C
That I just can't describe

G
Ooh, and I can feel it,
Feel it, feel it, feel it

C
Way down where the music plays

G
Way down like a tidal wave
Way down where the fires blaze

F C F C
Way down, down, way, way on down

Hold me again,
Tight as you can
I need you so,
Baby, let's go

G C
Way down where it feels so good

G
Way down where I hoped it would
Way down where I never could

F C F C
Way down, down, way, way on down

Acordes
