Time rolls back the shawdows of you mind

**F** **G** **C** **BM** **AM**  
It's a long, long, lonely night

You can make the morning if you try  
**F** **G** **C** **BM** **AM**

It's a long, long, lonely night

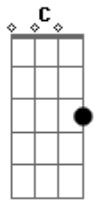

**EM** **F**  
Oooh, we can make the morning if we try  
**EM** **F**  
Girl, we can make the morning you and I

Loneliness is darkness' first companion  
Spend the night alone and faith may bend  
Share it all and see how fear starts fading  
Chase away the shadows with a friend  
Dawn's elusive light is just beginning  
Now the day can push away the night  
Dreams can make the sun feel much brighter  
Hope creates a foothold for the light  
It's a long, long lonely night  
We can make the morning if we try  
It's a long, long lonely night  
We can make the morning if we try  
Girl, we can make the morning you and I, Oh  
Together  
It's a long, long lonely night  
We can make the morning if we try  
It's a long, long lonely night  
We can make the morning if we try  
It's a long, long lonely night  
We can make the morning if we try
