F G C BM AM

EM F
Oooh, we can make the morning if we try
EM F
Girl, we can make the morning you and I

Loneliness is darkness' first companion
Spend the night alone and faith may bend
Share it all and see how fear starts fading
Chase away the shadows with a friend
Dawn's elusive light is just beginning
Now the day can push away the night
Dreams can make the sun feel much brighter
Hope creates a foothold for the light
It's a long, long lonely night
We can make the morning if we try
It's a long, long lonely night
We can make the morning if we try
Girl, we can make the morning you and I, Oh
Together
It's a long, long lonely night
We can make the morning if we try
It's a long, long lonely night
We can make the morning if we try
It's a long, long lonely night
We can make the morning if we try
