

# Emil Bulls - Dancing On The Moon

Tom: F

We're all cast in the same tragedy  
Most of us never achieved  
A lifetime award  
The clocks are ticking the seconds away  
So were getting closer each day to our last curtain call

If I had one wish fulfilled  
Tonight I wanna sing with you  
No matter if we're out of tune  
Tonight we'll end up dancing dancing dancing on the moon

All the thoughts are running in circles again  
What will we get in the end  
We're waiting and dreaming  
All hopes are melting like ice in the sun  
To run dry like a whale in the sand  
The sand of a lonesome desert

If I had one wish fulfilled  
Tonight I wanna sing with you

No matter if we're out of tune  
Tonight we'll end up dancing dancing dancing on the moon  
Tonight I wanna sing with you  
No matter if we're out of tune  
Tonight we'll end up dancing dancing dancing on the moon

Tonight we will break free  
Tomorrow we'll be kings and queens  
Forever they will sing about us

Oh-oh-oooh oh-oh-oooh oh-oooooooooh-oh

Oh tonight  
Tonight I wanna sing with you  
No matter if we're out of tune  
Tonight we'll end up dancing dancing dancing on the moon  
Tonight I wanna sing with you  
No matter if we're out of tune  
Tonight we'll end up dancing dancing dancing on the moon

oh-oooooooooh-oh  
Oh-oh-oooh oh-oh-oooh oh-oooooooooh-oh
