Logo agora, agora, justamente agora

Agora que eu penso ir embora

Você me sorri, me sorri

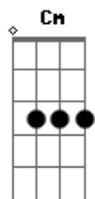

Passou a noite inteira com seu amor do lado

Fingiu um bocado, mas, hoje em dia, os amores são assim

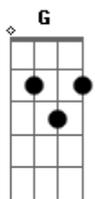

Ele foi embora, nem faz uma hora

Pensando quem sabe nos beijos que você lhe deu
Tolo, pensou que beijar sua boca foi consolo
Despertou o instinto da fêmea
Que agora quer se deixar abater
Se sentir caçada, dominada até desfalecer
Agora entendo o sorriso, ele é que não entendeu
Se não fez amor com você, faça eu, pois é
Agora entendo o sorriso, ele é que não entendeu
Se não fez amor com você, faça eu, logo agora
