Am

Am D

Am D Am

It was when the towers began to sing their hymns

D Am

And the rivers engines started so

D G

That the rivers could start to flow, but

Am G

Now it?s November

Am G

I?m stuck in November

Am D

And it?s been November for too long

Am D

In June the ice cracked and it felt so good

Am D Am

The glaciers melted, there was a flood and I

D

Drowned peacefully

Am D G

In June the angels were kind to me, but

Am G

Now it?s November

Am G

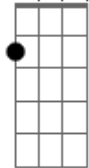

I?m stuck in November

Am D

And it?s been November for too long
