

Eric Clapton - Singin The Blues

Tom: **E**

E Db D E Db D E Db D

I've been working so hard, Just came home from my job.
Looked down in my wallet, Good **GOD** i've been robbed.

Now where can my money be, All my hard earned pay.
What am I gonna do now, I got so many bills to pay.

CHORUS

A

E

You got me singin' the blues, And I'm paying all my dues.

You got me singin' the blues, Ain't got nothing to lose.

I got to tell you I got the blues in my pocket,
people, What did I say.
Bills are gonna rob me tomorrow. Why I need my ten dollars
today.

Chorus

Ain't no way to get even. Because, you know what I mean
Everytime I make some money Somebody's going to take it from
me.

Acordes
