

Ethel Cain - A House In Nebraska

tom:
D

D
Labored breaths and bed sores
G7M
Sing it to me all day long
D
When the aching sound of silence
G7M
Used to be our favorite song
D
You and me against the world

D
You were my man and I your girl
G7M
We had nothing except each other
G7M
You were my whole world
D
But then the day came
G7M
And you were up and gone

D
And I still call home that house in Nebraska
D
G7M
Where we found each other on a dirty mattress on the second floor
D
Where the world was empty
D
Save you and I
G7M
Where you came and I laughed, and you left, and I cried
D
Where you told me even if we died tonight, that I'd die yours
G7M

D
These dirt roads are empty
G7M
The ones we paved ourselves
D
Your mama calls me sometimes
G7M
To see if I'm doing well
D
And I lie to her
D
And say that I'm doing fine

G7M
When really I'd kill myself
G7M
To hold you one more time
D
And it hurts to miss you
D
But it's worse to know
G7M

That I'm the reason
G7M
You won't come home

D
But I still call home that house in Nebraska
D
G7M
Where we found each other on a dirty mattress on the second floor
(When I needed you, and I need you still)
D
Where the world was empty

D
Save you and I
G7M
Where you came and I laughed, and you left, and I cried
D
Where you told me even if we died tonight, that I'd die yours
G7M
(So I died there under you, every night, all night)

D
You know, I still wait at the edge of town
G7M
Praying straight to God that maybe you'll come back around
D
I cry every day, and the bottles make it worse
G7M
'Cause you were the only one I was never scared to tell I hurt

D
And I found photographs of our school, on the day we met
G7M
I thought that you were so beautiful, it was love, I guess
D
And you might never come back home, and I may never sleep at night
G7M
But God, I just hope you're doing fine out there, I just pray that you're all right

D
And I feel so alone
G7M
And I feel so alone out here
D
I feel so alone
G7M
And I feel so alone out here
D
And I feel so alone without you
G7M
I'm so alone out here
D
I feel so alone, I feel so alone
D
I'm so alone out here without you, baby
G7M
(D G7M)
