

# Eudes Fraga - Bailarina

tom:

Intro: F Am

Só sei pisar no mundo em sapatilhas

E as armadilhas

Que o palco me pregou eu sei de cor

Fui feita em movimento em festa e luz

Meu corpo é como o vento que seduz a

Madrugada

Mulher amada

Quando eu danço, danço

Quando eu danço, danço

Dm7 G7 C

Ah! Eu danço

Já fui dona de mim na hora errada

Fui meio nada

Tranquei tantas paixões no camarim

Por trás dessas cortinas desses canhões

Eu roubo sonhos da menina que eu trago

Guardada

Virando fada

Quando eu danço, danço

Quando eu danço, danço

Ah! Eu danço
