

Evan Call - Take Me Far Away

tom:
[Primeira Parte]

Someone told me half and a day
A voice from my dream
It spark of tomorrow and left me to sea

[Segunda Parte]

And then a sound turf of whisper that wetten my ears
A song leave a rainbow through streams everyday

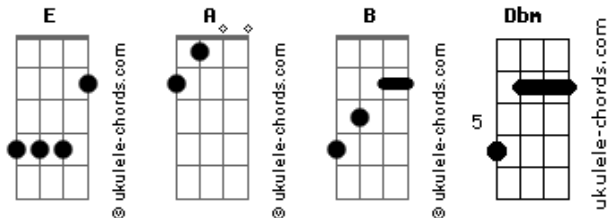

[Pré-Refrão]

So I lift my head up high
Clear up the sunshine down on me
Cause jump now, revo break
All that they need

[Primeiro Refrão]

Come take me far away
Our dreams have come to play

Acordes

A place where we can be
Whatever we wanna be
No matter dry our lives
Just endlessly our skies
Above under the sea

[Segundo Refrão]

I want to go (come)
And take me far away
A place where we can stay
Beyond the ocean beat
Wherever we wanna be
No matter what we are
No matter if tomorrow
Is more than just a dream

[Final]

Oh take me
