

Evanescence - Fall Into You

Tom: A

Seems so far that I have gone down this road
Only to find that it ends
but looking back there is one thing that i know
I cant make it all alone again

Cause I'm to weak to stand on my own
But all I need is you

So lead me guide me
hold me hide me in love
With all that you are
And all that you do
Hear me take me
Mold me, break me oh god
Just fill all of me
As I fall into you
Just catch me as I fall

All this time that I have felt so alone
Losing myself in my despair
With loving arms you were waiting for me to let go
With every step you were there

Cause I'm to weak to stand on my own
But all I need is you

So lead me guide me
hold me hide me in love
With all that you are

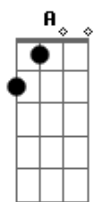

And all that you do
Hear me take me
Mold me, break me oh god
Just fill all of me

Oh my child, how I have longed
For you to come home, where you belong
All of your life you could just see
All of my joy when you are here with me

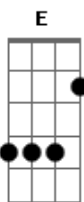

Oh my child, how I have longed
(lead me) (guide me)
For you to come home, where you belong
(hold me) (hide me in love)
All of your life you could just see
(With all that you are)
All of my joy when you are here with me
(and all that you do)

Hear me, take me, mold me, break me oh God
Just fill all of me, as I fall into you
