

# Evanescence - New Way To Bleed

Tom: A

**Db**  
Serve your twisted enemy  
**E** **D**  
So you might earn forgiveness  
**Db**  
You know your whole world is waiting  
**E** **D**  
so why can't you speak?

**Gbm** **A**  
I feel it coming over me  
**E** **D**  
I'm still a slave to these dreams  
**Gbm** **A**  
Is this the end of everything  
**E** **D**  
Or just a new way to bleed?

**Db**  
So go and tell all your friends that I'm a failure underneath  
**E** **D**  
If it makes you feel like a bigger man  
**Db**  
But it's my, my heart, my life that you're calling a lie  
**E** **C**  
I've played this game before  
**Db** **E** **D**

And I can't take it anymore

**Gbm** **A**  
I feel it coming over me  
**E** **D**  
I'm still a slave to these dreams  
**Gbm** **A**  
Is this the end of everything  
**E** **D**  
Or just a new way to bleed?

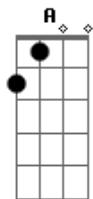

**Db**  
By drifting far beyond the edge

Freedom, freedom  
**E** **D**  
Can't you feel the ground caving in?

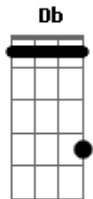

Freedom, give us a reason to believe again

**Gbm** **A**  
I feel it coming over me  
**E** **D**  
I'm still a slave to these dreams  
**Gbm** **A**  
Is this the end of everything  
**E** **D**  
Or just a new way to bleed?
