

# Evanescence - Wasted On You

tom:  
Gb  
[Primeira Parte]

I don't need drugs  
I'm already six feet below  
I'm wasted on you  
Waitin' for a miracle

I can't move on  
Feels like we're frozen in time  
I'm wasted on you  
Just pass me the bitter truth

( Gbadd9 )

Love  
Don't you remember?  
We were the ones  
Nothing could ever change us

Now  
It's easier not to believe  
We've broken everything  
But here we are

[Pré-Refrão]

Numb my head  
'til I can't think anymore  
But I still feel the pain

[Refrão]

I don't need drugs  
I'm already six feet low  
I'm wasted on you  
Waitin' for a miracle  
I can't move on  
Feels like we're frozen in time  
I'm wasted on you  
Just pass me the bitter truth  
( Gbadd9 )

Once  
Bbadd9

This was a garden  
This was a world  
All of the nightmares stayed  
In the dark  
A little too much time by yourself  
And you become the enemy  
Just look at us now

[Pré-Refrão]

Drownin' slowly  
Just to stay true

[Refrão]

I don't need drugs  
I'm already six feet low  
I'm wasted on you  
Waitin' for a miracle  
I can't move on  
Feels like we're frozen in time  
I'm wasted on you  
Just pass me the bitter truth

[Ponte]

Will I ever be the same?  
Am I strong enough to change?  
Is it in my blood?  
Shield my eyes to face the day  
Come too far to slip away  
But it's killing me to go on  
Without you

[Refrão]

I don't need drugs  
I'm already six feet low  
I'm wasted on you  
Waitin' for a miracle  
I can't move on  
Feels like we're frozen in time  
I'm wasted on you  
Just pass me the bitter truth
