

The Everly Brothers - How Did We Stay Together

Tom: **G**

I know they **G** call you foolish
D7 Cause you say you believe in me **C**
G If they had their way you'd soon forget
D7 That I love you

G If they do convince you
D7 Just say to them if they're so wise **C**
G **D7** **G**

How did we stay together all this time

C They tried to tear our love down

And destroy your trust in me

G And then they tried to scare you by saying
D7 Wait and see

G But if I am the liar

D7 They say that's handing you a line **C**

G **D7** **G** How did we stay together all this time
