

The Everly Brothers - Nashville Blues

Tom: **C**

A letter just came from Nashville
 My sweet baby says she's blue
C
 Gotta get back to Nashville
G
 Or my heart will break in two
D7
 Oh I miss her so I just gotta go
G **D7** **G**
 I've got the Nashville blues
 Gotta get back to Nashville

Cause that's where the good times are
C
 Ever since I left Nashville
G
 The kicks ain't been up to par
D7
 I'm lonely and low I'm livin' too slow
G **D7** **G**
 I've got the Nashville blues
 Wanna go see my Sally
 And tell her that I still care
C
 Want to see Printer's Alley
G
 And dig all the cool spots there
