

The Everly Brothers - You're My Girl

Tom: **C**

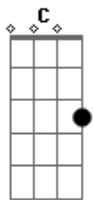

When I close my eyes and I think of you
 You wouldn't believe what comes in view
 Your big brown eyes your tasty lips ahhhh
 Your tender sighs my my my your shapely hips
 You'd be surprised what I visualize

G7
 I mean to tell the world
C
 You're something else
C

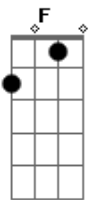

And you're my girl
 When I lay myself down to sleep
 I count your charms instead of sheep
 The way you walk your swing and sway
 The way you talk hey hey hey the things you say
 I can't believe you belong to me

G7
 I mean to tell the world
C
 You're something else
C
 And you're my girl
