

Everton e Alex - Ressaca de Amor

Tom: C

Olha o que restou de mim, me transformei num boêmio

Todas as noites assim, de bar em bar bebendo

E nos botecos que chego, o cantor já me conhece

O garçom já sabe o que eu vou beber, passo a noite inteira sem lembrar você

Triste é só quando amanhece

A ilusão acabou, volto a sofrer por você

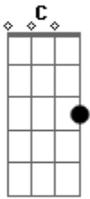

Você foi tão bandida que nem a bebida me faz te esquecer

Volto pra vida real, a noite acabou

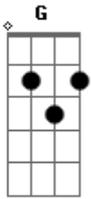

Até boate azul a banda já tocou

Chega um novo dia com gosto de pinga e ressaca de amor.
