

# Fabiano França - Illness

tom:  
 Em  
 Fear the illness, pretty aware you must be  
 Em C  
 It might kill us, that's the target we must hit  
 Em  
 Calm down but wash your hands  
 C  
 It would be a wise choice try  
 To avoid walking for some lands  
 Em  
 Don't you see it like bad bans  
 C  
 Look the big Picture, you can see  
 It all throught different lens  
 Em C  
 You don't have to touch someone to  
 Show them you are there  
 Em C  
 Merely wave and smile should be enough to show you care  
 Em C  
 Fear the illness, pretty aware you must be  
 Em C  
 It might kill us, that's the target we must hit  
 Em C Am  
 Just don't forget to love, don't turn it into a war

Em C G  
 Cause our own hand can tear us down much more  
 Em  
 Calm down but wash your hands  
 C  
 Clean everything around  
 It looks like no one has  
 Come with some better plans  
 Em  
 Please have consciences, no pretends  
 C  
 I'm also scared, but it all may be  
 Easier if we fight it like friends  
 Em C  
 You don't have to touch someone to  
 Show them you are there  
 Em  
 Merely wave and smile should be  
 C  
 Enough to show you care  
 Em C  
 Fear the illness, pretty aware you must be  
 Em C  
 It might kill us, that's the target we must hit
