Fall Out Boy - Alone Together

```
Tom: E

   Db                                  A
I don't know where you're going
                        E                                B
But do you got room for one more troubled soul
   Db                          A
E                   B
I don't know where I'm going but I don't think I'm coming home
Db                  A                       E
B
I said I'll check in tomorrow if I don't wake up dead
Dbm                         A
This is the road to ruin
E
And we're starting at the end

                    A                       E
Say yeah.... Let's be alone together
                                B
We could stay young forever
                                                 Dbm      B
Scream it from the top of your lungs

A                       Em
Let's be alone together
                                B
We could stay young forever
                                                 Dbm      B
Scream it from the top of your lungs

(E     Db )

E
Cut me off, I lost my track
Db                                                        A
It's not my fault, I'm a maniac it's not funny anymore, No
it's not
E
My heart is like a stallion
Db
They love it more when it's broke in
A                               Db                    A
Do you wanna feel beautiful, Do you wanna
B
I'm outside the door, Invite me in
A
So we can go back, And play pretend
B                                   A
I'm on deck, I'm up next, Tonight I'm high as a private jet

Db                                  A
I don't know where you're going
                        E                                B
But do you got room for one more troubled soul
   Db                          A
E                   B
I don't know where I'm going but I don't think I'm coming home
Db                  A                       E
B
I said I'll check in tomorrow if I don't wake up dead
Dbm                         A
This is the road to ruin
E
And we're starting at the end

                                    A                       E
Say yeah.... Let's be alone together
                                                B
We could stay young forever
                                                                 Dbm      B
Scream it from the top of your lungs

 A                      E
Say yeah.... Let's be alone together
                                                B
We could stay young forever
                                                                 Dbm      B
Scream it from the top of your lungs
(E     Db )

E
My heart is like a stallion
Db
They love it more when it's broke in
A                                   Db                    A
Do you wanna feel beautiful, Do you wanna
B
I'm outside the door, Invite me in
A
So we can go back, And play pretend
B                                           A
I'm on deck, I'm up next, Tonight I'm high as a private jet

Db
yeah....

Let's be alone together

We could stay young forever

Scream it from the top of your lungs

                                    A                       E
Say yeah.... Let's be alone together
                                                B
We could stay young forever
  Db                B
Scream it on

Db                                          A
I don't know where you're going
                                    E                                B
But do you got room for one more troubled soul
   Db                               A
E                   B
I don't know where I'm going but I don't think I'm coming home
Db                  A                       E
B
I said I'll check in tomorrow if I don't wake up dead
Dbm                         A
This is the road to ruin
E
And we're starting at the end.
